With over **6 years** as a software developer and **11+ years** across diverse domains, I specialize in clean code and timely, scalable web application delivery. A collaborative problem-solver with strong communication skills, I stay at the forefront of industry trends. Aspiring software architect, dedicated to designing innovative, scalable solutions and promoting efficient development practices. Let's collaborate for exceptional software solutions.

MORE ABOUT ME ↓

Current Employer:

Alembic Pharmaceuticals Ltd

Senior Software Developer (MEAN STACK)

Duration: 10th May 2021- Till date

- ❑ Developed iBuddy MR Educational Portal using Node.js, Express Angular and MySQL. MRs can log in, educate themselves on pregnancy-related questions, access new studies uploaded by admins, and seamlessly share articles with others.
- ❑ Developed a MIS Portal using MEAN STACK, allowing administrators to track daily individual work and monitor overall task progress.
- ❑ Developed internal file-sharing wizard with Angular, Node.js, and MongoDB. Implemented robust restrictions to prevent external user access.
- ❑ Developed Business API's using Nodejs.
- ❑ Developed a widely-used Photoframer web app using HTML, CSS, and JavaScript with the Croppie library. Enables users to insert and adjust pictures, merging them with frames for output.
- ❑ Conducting research and development on augmented reality (AR) experiences while establishing collaborations with vendors.
- ❑ Using the MEAN stack, I developed an application for a ticketing system. The beginning and end stations of the route are used to produce QR codes by this application. Tickets automatically expire one hour once they are generated. My AngularJS application is a QR scanner that I created to validate tickets. Through the use of an API endpoint, this scanner software verifies the ticket details against the database. (own initiative)

Previous Employer:

FancyFluff (Star Born LLP)

Motion & Sr. Graphic Designer

21th August 2020- 25 October 2021

- ❑ Designed captivating graphic and motion graphic social media ads for Instagram and Facebook.
- ❑ Developed monthly content calendars for planned ad pushes and strategized product introductions.
- ❑ Organized interactive games on Instagram, including engaging motion graphics for enhanced user engagement.
- ❑ Analyzed key performance indicators (KPIs) and audience insights to continually refine and optimize the social media ad strategy for maximum impact and ROI.

Academic Details:

Diploma In Software Programming

Mumbai Software Institute
(2010 - 2012)

Grade - A

Typography

Mumbai Software Institute
(2013 - 2014)

Grade - A

F.Y.B.Com

Mumbai University
(2017 - 2018)

Appeared

Certification

High-Level Design of Cab-Booking Apps

Scaler (Online) 2023

Monolithic and Microservice Architecture

Scaler (Online) 2023

Low-Level Design of Payment Apps

Scaler (Online) 2023

High Level Design of OTT Platform

Scaler (Online) 2023

Personal Details:

Father Name
Balbhim Chandrakant Gavandi

Gender
Male

Nationality
Indian

Working on New Skills

Rust, Golang
Software Architecture (DeepLearn)
DSA
Principles of UX

Grey Lifescience (Aramuc Pvt Ltd)

Web & UI Developer

January 2018- September, 2020

- ❑ Designed web banners, website layouts, and handled web development for renowned pharmaceutical clients such as Cipla, Pfizer, Sun Pharma, etc.
- ❑ Conceptualized themes based on client-supplied content to establish a unified and brand-aligned online identity.
- ❑ Produced compelling web banners to clearly convey pharmaceutical offerings and strengthen brand recognition.
- ❑ Built user-friendly website UIs to elevate the online experience within the pharmaceutical sector.
- ❑ Engaged in close collaboration with clients to grasp specific needs and translated them into visually appealing web elements.

Maharashtra Buland Times (Part time)

Graphic Designer & Typist

August 2016- January 2018

- ❑ Used 4Clipika for fast typing of urgent Marathi news.
- ❑ Designed the complete newspaper layout with Adobe InDesign.
- ❑ Developed attractive client advertisements with CorelDRAW and Photoshop.
- ❑ Verified post-printing quality, ensuring adherence to design guidelines, font size, type, colors, and image usage in the newspaper.

Shine Art Press (Part time)

Graphic Designer

January 2012- January 2018

- ❑ Handled price negotiations and client interactions.
- ❑ Created print designs like Booklets, Banners, and Hoarding for a diverse range of clients.
- ❑ Recommended appropriate print materials for various projects.
- ❑ Coordinated with expert printing vendors to ensure timely, high-quality output, and meticulously monitored deadlines to prevent delays in client deliveries.

Wastu Vishwa

Draughtsman

March 2010 - October, 2011

- ❑ Utilized CAD software for creating accurate floor plans and blueprints.
- ❑ Conducted building audits, analyzing the conditions of individual flats.
- ❑ Generated comprehensive reports summarizing structural audit findings for buildings.
- ❑ Generated comparison reports for submitted tenders from various builders.

Chari Creation

Print Coordinator

April 2009 - February, 2010

- ❑ Oversee print production, coordinating with vendors, managing schedules, and ensuring quality control.
- ❑ Serve as a liaison between design teams and printing vendors, managing costs, documentation, and staying updated on printing technologies.

/gavandi_vikas

Dear Sir / Madam,

I am writing to express my sincere interest in the Analyst - SDE II position, as advertised. With a versatile background in Software Development, particularly in the MEAN stack, along with skills in Visualization, UI/UX, Motion Graphics, and AutoCAD, I am enthusiastic about contributing my unique blend of experiences to your dynamic team.

In my primary role as a full-stack developer, I have consistently delivered robust and scalable web applications. My expertise in MongoDB, Express.js, AngularJS, and Node.js (the MEAN stack) has allowed me to develop efficient and high-performing applications. I am well-versed in industry-standard development tools and practices, and I have a proven ability to adapt to evolving technologies and frameworks.

Additionally, my secondary skills in Visualization, UI/UX design, Motion Graphics, and AutoCAD provide a comprehensive approach to problem-solving and project development. I have a keen eye for aesthetics and user experience, which complements my technical skills, ensuring that the applications I develop are not only functional but also user-friendly and visually appealing.

I am drawn to your organization for its commitment to innovation and creativity, and I am excited about the prospect of contributing to your ongoing success. My ability to thrive in a collaborative environment, coupled with my passion for pushing the boundaries of technology and design, aligns seamlessly with the values and goals of your organization.

Thank you for considering my application. I am eager to discuss how my diverse skill set and experiences can contribute to the continued growth and excellence of your team. Please find my resume attached for your reference. I look forward to the opportunity to further discuss how I can bring value to your team.

Date:

Vikas B. Gavandi

Place: Mumbai
